Executive Summary

NIRVANA FARMS

Nirvana Farms is an approximately 13,800-hectare forestry, carbon, farming and mānuka estate extending across the hill country between Waverley, the Waitōtara Valley and Whangamomona in eastern Taranaki, with an additional mānuka holding near Ōpōtiki. The estate is offered for sale by the receivers of Nirvana Farm Limited and the Makowhai Trust titles, either as a whole or in parts, by expression of interest.

The portfolio encompasses 16 properties across 56 freehold and Crown-leasehold titles, totalling approximately 13,832 hectares, together with registered forestry rights over the planted areas of the Makowhai Trust land and a further 362 hectares at Soldiers Road. The offering includes Staghaven, a 296-hectare property on Mangaehu Road.

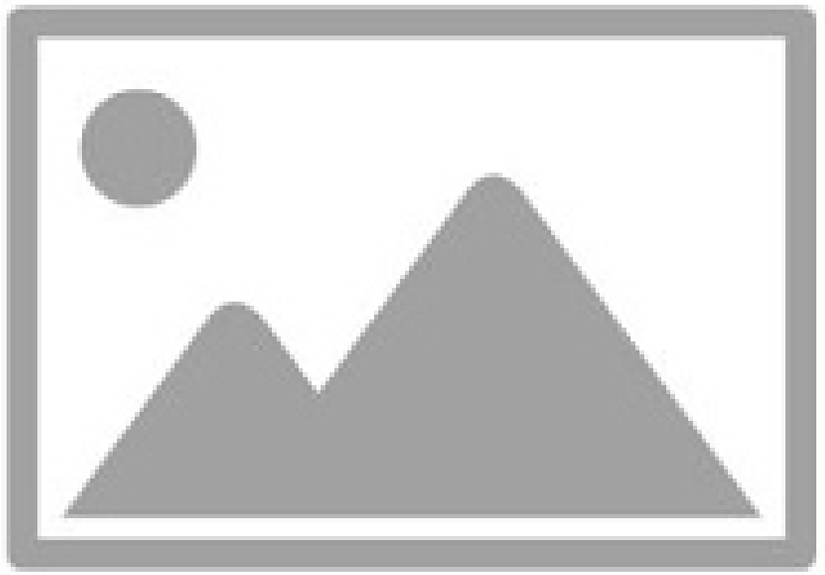

Approximately 2,597 hectares of *Pinus radiata* were established across eight blocks between 2022 and 2024 and are registered under the New Zealand Emissions Trading Scheme (ETS), predominantly under averaging accounting. The estate also contains approximately 9,190 hectares of native bush and regenerating mānuka/kānuka, alongside 2,141 hectares of open hill-country grassland.

An independent ground survey undertaken by Stand in April 2026 identified approximately 1,673 hectares of adequately stocked young forest, with further replanting and blanking scheduled for the 2026 planting season. The programme is expected to restore approximately 2,497 hectares of adequately stocked crop, subject to confirmation of completion and independent verification. Supporting planting records, survival data and third-party assessments will be made available through the data room.

The estate includes approximately 2,740 hectares of registered carbon accounting areas, with a combined reported balance of approximately 149,552 New Zealand Units (NZUs), based on MPI land status reports. This includes two permanent-forest accounting areas at Longreach and Back Farm. The final NZU balance available for transfer, together with the settlement arrangements, remains subject to confirmation.

Approximately 2,260 hectares across Front Farm, the Eastern Block and a Puau Road Crown lease are subject to a grazing lease expiring on 31 December 2029. The estate was originally assembled as a mānuka honey and carbon enterprise, with the sale encompassing substantial indigenous vegetation, carbon interests and associated beekeeping rights. The honey business and the former owner's private residence are excluded.

Two additional properties, Magons (777 hectares) and a separate 156-hectare Staghaven title containing the homestead, are available through Searle Forestry by separate negotiation and do not form part of the receivership offering.

Forestry Summary

Eight blocks carry a Pinus radiata crop: Longreach, Back Farm, Front Farm and the Eastern Block in the Waitōtara Valley, Puau Road at Nukumaru, and Whangamomona, Staghaven and the Soldiers Road forestry right in eastern Taranaki. About 2,597 ha was planted between 2022 and 2024 at a target of 850 stems/ha (originally 1,100). Older exotic stands – the 1994–97 radiata in the permanent-forest accounting areas at Longreach and Back Farm, and the 2011 stands at Staghaven – add roughly 150 ha. The forest manager's stand records (species, planting year and net stocked area by stand) are awaited [TBC – Stand]; until they arrive, planting years are taken from the ETS carbon accounting area registrations.

2026 Programme

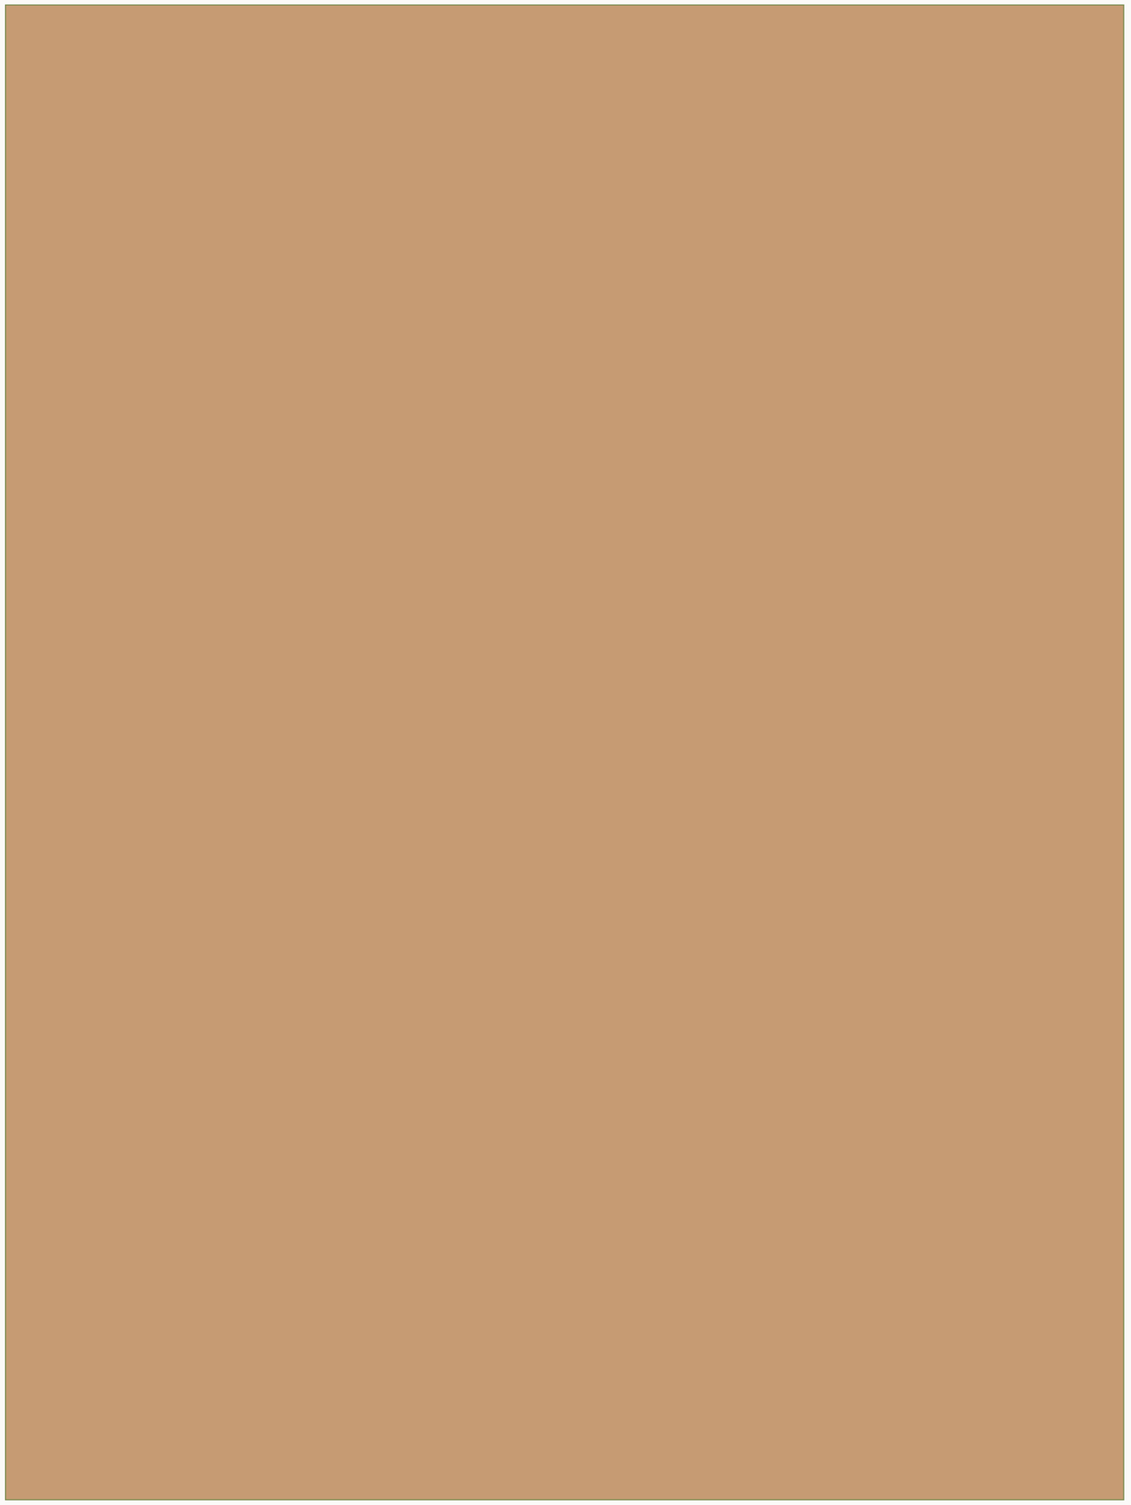

Emissions Trading Scheme and Carbon

Two participants hold the registered forest land: Nirvana Farm Limited (NZ-10251, MPI holding P-054526) as landowner on its own titles and as forestry-right holder over the Makowhai Trust land and Soldiers Road, and Makowhai Station (NZ-1181, P-054188) as landowner on part of the Makowhai Trust titles. The MPI land status reports (NFL 28 September 2026; Makowhai Station August 2025) record 2,740 ha of carbon accounting areas with a combined unit balance of 149,552 NZUs. All of it is on land in the sale except four small Soldiers Road CAAs (9.6 ha, 59 NZUs) registered under the forestry right.
