Acknowledgements:

- ✓ I confirm that the forest land included in this application is not subject to a forest sink covenant under section 67ZD of the Forests Act 1949.
- ✓ I have evidence confirming the land in this application is post-1989 forest land. My evidence can be described as:

This land is eligible Post89 forest land and was previously registered in the ETS. Note, in the first page of this form I indicated Jelldale were previously an FMA participant - but I cannot find a record of plots having been previously established/measured, so may have applied for a plot waiver (LFL were not forest managers at this time). Mapping was undertaken using latest imagery from Canterbury Maps (streamed).

Participant Relationship to Certificates of Title

Declarations

- ✓ I declare that all actions since 1 January 2008 in relation to the forest land in this application (including, but not limited to, removal of any existing vegetation before planting of a forest species on the land) have complied with the provisions of the Resource Management Act 1991 (including any plan under that Act) or the Forests Act 1949, that were in force at the time the action was taken.
- ✓ I declare that if the post-1989 forest land in this application is subject to a pest management plan under the Biosecurity Act 1993 (that imposes requirements in respect of any forest species on the land), then I have either complied with those requirements, or verified that any other person required to comply with those requirements has done so.
- ✓ I understand that participants with 100 hectares or more of post-1989 forest land registered in the Emissions Trading Scheme are subject to the requirements of the Field Measurement Approach for the purpose of completing emissions returns.
- ✓ It is very important that you have completed this application or notification accurately and truthfully. If you provide any altered, false, incomplete or misleading information in or with this application you commit an offence under the Climate Change Response Act 2002 and if convicted you may be liable to imprisonment or a fine up to \$50,000.
- ✓ If information supplied within your application is required by the Inventory Agency or Registrar of the New Zealand Emissions Unit Register to carry out their functions under the Climate Change Response Act 2002, then the Chief Executive responsible for the operation of the Emissions Trading Scheme must supply that information to them. This information can only be used by the Inventory Agency or Registrar of the New Zealand Emissions Unit Register for the purposes of carrying out their functions under the Climate Change Response Act 2002.
- ✓ I declare that the forest species on the land **is not** predominantly naturally regenerated tree weeds.
