---

Good afternoon Nikki

Your Ref: 40320

Further to your s224c request, please see the following documentation attached: -

- "Copy" signed s224c Certificate.
- Consent Notice for Lodgement

Note: Monitoring and Engineering Approvals may still be active with ongoing inspections. These are a requirement to the conditions of the resource consent and/or EPA, which may not be finalized until after s224c is issued. Further fees may be incurred.

Kind regards

Cheryl

Good afternoon,

Nirmitha has signed off the s224c conditions for this subdivision, do you have any invoices for ENG60340236 you'd like me to include in my payment request.

Kind regards

Cheryl

Hi Nirmitha

Please find attached the power bill for the house that is built on Lot 3. This should satisfy this condition. Lot 6 power was completed in Stage 1, so already signed off

I've also attached the EACC and updated 224c letter to cover off H and K conditions.

Let me know if you need anything else

Thanks
Nikki

Subject: CCT90092524-2: Remiger Road, Puhoi 0873 - RFI

Hi Nikki,

I've completed my assessment and have the below RFI, please provide a response at your convenience.

1. Please provide an updated confirmation letter from Vector that Electricity supply / connection is available for the proposed Lot 3 & 6. Provided Completion Certificate is dated 20.07.2021 and we require letter which is not more than 6 months old.
2. Please provide EACC for the completed ROW. I note that this is in process with AC DE Ronald Uy.
3. Please provide a confirmation for the below conditions (h & k), update the 224c cover letter if required.

h) Before commencement of any works, adequate silt retention structures as detailed in Technical Publication No. 90 "Erosion and Sediment Control Guidelines for Land Disturbing Activities in the Auckland Region" shall be installed. These structures shall be maintained and cleaned out as necessary until such time as complete grass cover, or other non-erodible surface has been re-established over the area. The location and detail of the sediment control shall be included in the Engineering Plans for approval prior to commencement of construction.

k) The consent holder must provide written confirmation from their appointed surveyor or engineer that all servicing for the existing dwelling on Lot 6 and the dwelling under construction on Lot 3 remain within the respective site boundaries.
