Record / Issue Outcome

Date of Decision	26/10/2023
If not processed within statutory timeframes (without s37), please explain why here	This is a very old application (2020) with multiple plan variations- I went through the records before sending back to Council and am not aware of anything that wasn't on the tracking sheet. The T/L review did take around 7 working days, which is part of that time, but it looks to have been a few days over in any event.
